The hallway (5 m²) leads to the three bedrooms (10 m²; 2 x 11 m²), a study (+6 m²), the bathroom (6.5 m²) with a tub and walk-in shower and then a separate toilet.

The big garage (33 m²) is connected to the north side of the house and is accessible from the kitchen.

The roof has solar panels (3Kwh) that can assure energy consumption during the day, resulting in very low yearly energy consumption.

The entire grounds are sunny and can be planted with trees to your liking.
